Nespresso Compatible Coffee Capsules

MADE IN ITALY

San Siro Coffee Aroma

Café and chocolate, a harmonious interplay of two dominant characters, which, with fine and creamy nuances, inspire your taste buds.

MADE IN ITALY

San Siro Coffee Decaffeinato

The San Siro Decaffeinato tells its own story. The history of a full-bodied Lungo coffee with a pleasant intensity and a light acidity in taste. Complete without caffeine. Soft and well-balanced aromas are convincing in this decaffeinated café, which disappears in the aftertaste with cereal notes.

MADE IN ITALY

San Siro Coffee Nocciola

A feast of aromas. Already during the preparation of the café spreads the fine smell of hazelnut throughout the room. Pamper your senses with a unique, creamy pleasure moment.

MADE IN ITALY

San Siro Coffee Gold

The San Siro Cafe Gold Milk is an espresso with full body and low caffeine content, which makes it particularly mild and soft in the taste. Due to its low acid content, it is particularly compatible with the stomach. A fine, aromatic café blend with pleasantly sourish notes from famous coffee regions.
A special roasting process produces a very prominent body reminding of the end of cereals and sweet fruits.

Nespresso Compatible Coffee Capsules

MADE IN ITALY

San Siro Coffee Ristretto

The Ristretto is a type of coffee making from Milan, in which finely ground coffee from dark roasted coffee beans is pressed through the capsule. The Ristretto is characterized by a dense, hazelnut-brown foam layer – the crema - which contributes to its aroma. The San Siro Ristretto has a full-bodied, strong body. Its fine acidity dominates this café with a long-lasting aftertaste of chocolate.
