*Gift giving is the
art of knowing*

Gifting Is The Art Of Knowing

This Christmas, we celebrate the human connections and memories that shape our world and yours. Having perfected gifting for over 50 years, we believe it to be an art form: the thoughtful expression of a unique relationship, that feeling of really knowing someone, a skill that's crafted via hundreds of conversations over time, through memories and moments big but more often small. From everlasting friendships to instant loves, we've dedicated our expertise to bringing those deep connections to life via our products and bespoke store services, including the gifting consultation, personalised wrapping and perfume bottle engraving.

This festive this season, we want to make sure the gift you give them means more, so you can show them how deeply you appreciate them. Colour the memories that will last a lifetime with our festive collections, from the new beautifully marbled Limited Editions – with each print unique – to the exquisite Eau de Parfum that scents the air as you both count down to new beginnings.

*Warm wishes,
The Molton Brown Hospitality Team*

*You know them.
We know gifting.*

Scents To Remember

We have crafted the finest fragrances, unique scents and unrivalled sensorial ceremonies for over 50 years. Our fragrances are all made in England and exceptionally concentrated, with each scent a creative expression of our perfumers' memories and inspirations, made to stir your senses and deepen your connection with each and every note.

This Christmas, say "I know you" with an Eau de Parfum from our winter favourites, loved for their rich depths. Take them on a woody-citrus adventure with our iconic Re-charge Black Pepper, speak to their opulent side with Mesmerising Oudh Accord & Gold or intrigue them with the desert-inspired mystery of Rose Dunes.

New Limited Edition Infinite Bottle

In keeping with our commitment to craftsmanship, we've adorned our signature gift boxes with a unique marble print. Made for those who appreciate artistry, unique marble print, made for those who appreciate true artistry. Created by Natascha Maksimovic, an artist and wallpaper maker based in Kent, the design was inspired by the entrance of our original salon on London's South Molton Street, which opened in 1971. A fearless experimenter, Maksimovic imbues each piece of her pieces with an individual story of vibrant colours and mesmerising patterns – her “interplay of fluidity and intention”.

Consciously Unique

Fluid, spontaneous and hypnotic, the new Limited Edition marble design reflects our love of individuality. Made from 100% recycled paper, the gift boxes are recyclable and reusable while helping you reduce waste and excess wrapping. Our gift set ribbons are made from 65% recycled materials while our cracker ribbon is made from 69% recycled materials.

OUR SUSTAINABILITY COMMITMENTS:

- We use the highest quality ingredients while treading lightly on our planet. This means you can be kinder to the earth without compromising the luxury you love.
- We've never tested on animals since 1971.
- By 2030, our goal is to ensure 50% of what we retail is reusable and refillable.
- The majority of our products are formulated and manufactured in England in our Hertfordshire factory which has now reached zero waste to landfill status and uses 100% renewable energy.
- We make all our bottles with at least 50% recycled plastic, which you can fully recycle in-store via our 'Return. Recycle. Reward' scheme in the UK.

Marvellous Mandarin & Spice

Scattered ingredients gloriously strewn across the Christmas kitchen table; jewels of wintry citrus and warm, deep spices. A slightly tart swirl of sparkling mandarin zest unravels into the golden vibrancy of lively ginger. Well seasoned with tasting notes of ground cinnamon, crunchy clusters of seedy dried fruits and an aromatic grating of earthy nutmeg. Splendidly stir up a festive feast for the senses; reimagine a magnificent seasonal tradition.
