

About the brand

Starting with a herd of 100 goats and a community of Neighbors, Beekman 1802 unlocked the science behind goat milk—a centuries-old natural remedy for sensitive skin—and grew from one bar of soap into the world’s biggest goat-milk skincare line. Goat milk has been used for centuries as a natural remedy for sensitive skin, but Beekman 1802 unlocked the science behind this treatment to create skincare that’s powerfully effective but safe for even the most sensitive skin.

Amenity collection

Powered by the moisturizing and exfoliating properties of goat milk to be safe on sensitive skin, this bodycare collection is perfect for both guys and gals and is now available for hotel amenities! These fragrance-free goat milk products are enriched by nourishing goat milk and are perfect for sensitive skin.
